# WHO WE ARE

At Helio Energy, we are a dedicated EPC company with a focus on advancing clean energy through our innovative and sustainable solar solutions. Our team, composed of members with multinational experience in the renewable energy sector, designs, procures, and constructs high-efficiency solar systems tailored to the needs of residential, commercial, and industrial clients. We are committed to delivering projects that meet and exceed industry standards, providing reliable and cost-effective solar solutions that drive a greener, more sustainable future.

**LETS SEE MORE**

---

# OUR VISION & MISSION

Our mission is to make solar energy accessible, efficient, and affordable for everyone. Helio Energy aims to build lasting trust and contribute to the global transition toward clean energy.

## Mission

"Our mission is to design and deliver cutting-edge solar energy solutions that meet diverse energy needs, prioritize innovation and reliability, and actively contribute to building a cleaner, more sustainable world."

## Vision

To lead the transition to a sustainable future by empowering communities and businesses with innovative, reliable, and accessible solar energy solutions that drive environmental stewardship and energy independence.

# WHAT WE OFFER

## Services Offered:

- Renewable Energy Consulting
- Project Feasibility & Consultation
- Installation & Commissioning
- Energy Storage Solutions
- Operation & Maintenance
- Custom Solar Solutions

# WHY US

**Mehran Yousaf**

Managing Director

“ **Mehran Yousaf** is a professional in the solar industry with extensive experience working across multiple countries, including the UAE, Oman, Qatar, Saudi Arabia, Pakistan, and others. With a strong background in consultation, design, engineering, and execution, he has successfully delivered over **100 MW** of solar projects. His expertise spans various aspects of the solar energy sector, demonstrating his ability to manage and execute complex projects in diverse environments. ”

- **Multiple Project Handling Capabilities**
- **Quality Over Quantity**
- **Experienced Staff with Sound Knowledge of the Subject**

# OUR VALUED CLIENTS

G.M Petroleum,  
DeputyWala Interchange

# REFERENCE PROJECTS

Project Name	Client	Location	System Size
Qadri Textil Mills – in progress	Qadri Textile Mills	Bahawalnagar, Pakistan	3500kWp
Nili Bar – in progress	Nili Bar Group of Companies	Satiyana, Pakistan	1400kWp
KB Industries	Khalid Brothers	Satiyana, Pakistan	210kWp
Noon Textiles – in progress	Nili Bar Group of Companies	Bhalwal, Pakistan	2000kWp
Muhammad Hussain Cotton factory	Chaudry	Satiyana, Pakistan	144kWp
Asphalt Plant Sargodha	Highway Constructions	Sargodha, Pakistan	40kWp
Private residential/Commercial Grid Connected System	Private	Pakistan	1000kWp+
Solar PV System for Bhit Gas Field	Eni	Bhit, Pakistan	10,000KWp
Hatta Phase 1 Residential Villas – On Grid systems for 330 Villas	Dubai Carbon – DEWA	Hatta, UAE	1680.6KWp
LIU-9 Industrial Roof Top Solar System	Oryx	Jafza, UAE	1580KWp
DEWA DCC Building – Roof Top on grid solar system	Dubai Carbon – DEWA	Dubai, UAE	110KWp
Emirates Towers roof – Ongrid commercial system	ALSA	Dubai, UAE	374KWp
30 SolarWorld PV offgrid systems for control system	Qatar Foundation	Doha, Qatar	45.9KWp
Wind Power for School	Al Shoub School	Abu Dhabi, UAE	10KWp
